KEEPING
HISTORY
SAILING

An assistance dog may be permitted on board subject to a discussion prior to booking as to whether it is practical. In particular, some “one way” trips are non-stop and on other sailings we are not generally able to moor to the land: any requirement to take the dog ashore would require transfer to/from a dinghy.

All Wherry Yacht Charter (“WYC”) sailings are expected to go ahead regardless of the weather forecast and passengers should bring appropriate clothing for the anticipated conditions. In the event of a severe weather warning, WYC reserves the right to cancel a sailing (possibly at short notice) and will, in such cases, refund, in full, the amount paid.

Otherwise, bookings are non-refundable but, if a passenger is unable to sail with WYC due to illness, please provide as much notice as possible and WYC will use all reasonable endeavours to transfer the booking to a future date.

If you have any questions about the above, or any other aspect of your sailing with us, please either use the contact form on the website, or email bookings@wherryyachtcharter.org
